ROSE BRANCH

Before you print

- Choose US Letter and 100% / Actual size so the 8 x 10 trim line stays true.
- On A4 paper, also print at 100%: the 8 x 10 area still fits on the sheet.
- Matte paper or cardstock looks closest to an old book print; skip glossy.
- Set the print quality to Best or High and let the ink dry before trimming.
- Cut with a craft knife and a metal ruler for straight edges.
