How to Draw Fire

6 easy steps | tracing page | practice grid | coloring page

How to Draw Fire

follow the black lines; grey lines are from the steps before

1. Draw the outer flame: a wavy teardrop with a tall tip and two smaller tips.

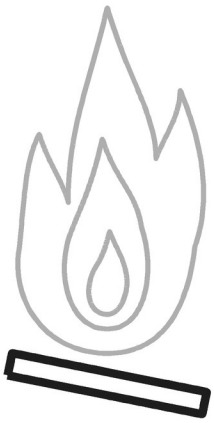

2. Draw a smaller flame inside it.

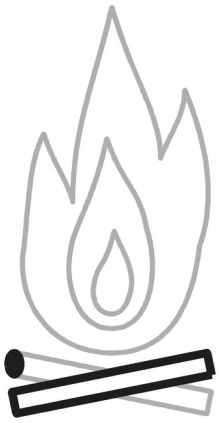

3. Add a little teardrop in the middle for the hot core.

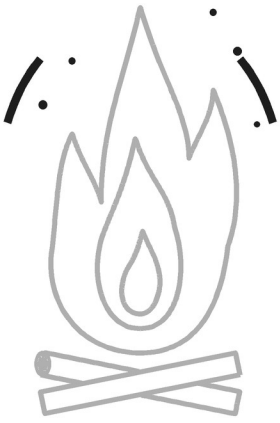

4. Draw a log under the flame, going down to the right.

5. Draw a second log crossing in front of it, with rings on the ends.

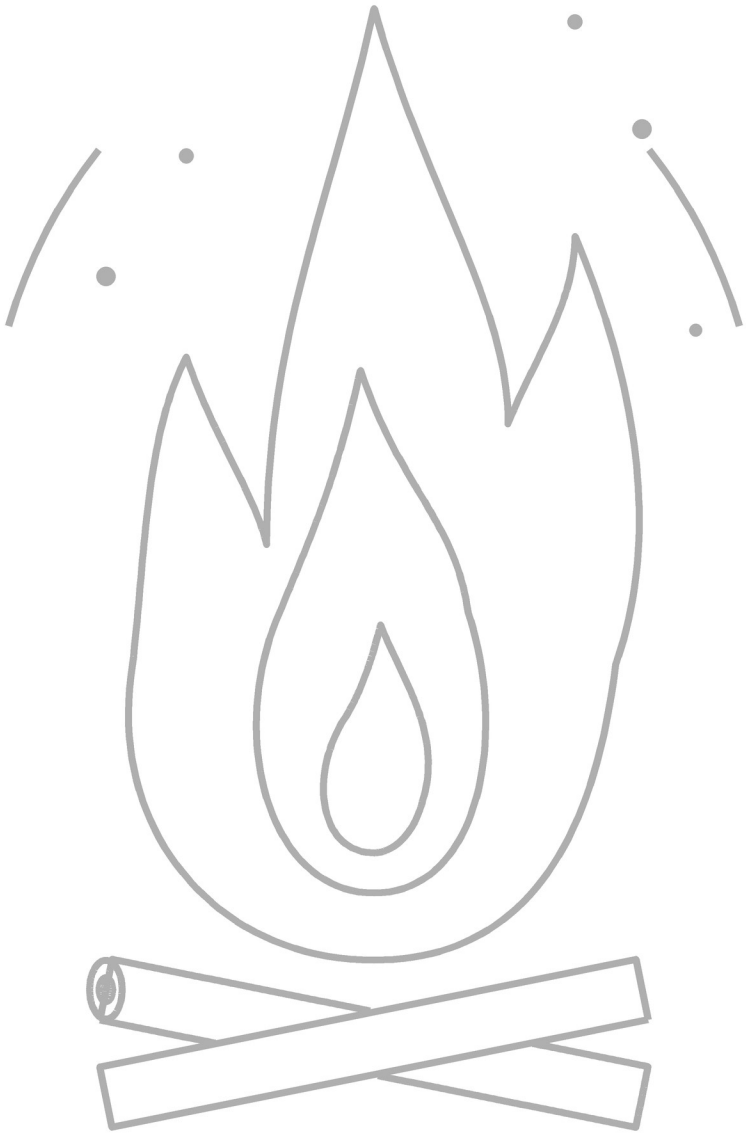

6. Finish with a few sparks and glow lines around the fire.

Trace Fire

go over the grey lines with a pencil, then add your own details

Draw Fire on Your Own

a small reference on the left, two practice boxes with a light grid
